1 I, Georgia Cano, declare as follows:

2 1. I am an individual over the age of 18 who resides in Manhattan Beach, California. I
3 have personal knowledge of the matters stated herein and, if called upon, I could and would
4 competently testify thereto.

5 2. I am a named plaintiff and class representative in *In re Animation Workers Antitrust*
6 *Litigation*, No. 14-CV-4062-LHK, filed on September 8, 2014, in the United States District Court for
7 the Northern District of California. I submit this affidavit, on behalf of myself and the settlement
8 class, in support of Plaintiffs' Motion for Attorneys' Fees, Expenses, and Service Awards.

9 3. As a class representative, I understand that it is my responsibility to be apprised of the
10 work done by my attorneys on the case and make my own judgment about the fairness of any
11 settlement proposed by the lawyers. In evaluating the fairness of the settlement, I am required to
12 consider the interests of all members of the Class. I am free to disagree with my attorneys about the
13 merits of a settlement and make my views known to the Court.

14 4. I have reviewed the terms of the settlements with Defendants Sony Pictures
15 Imageworks Inc., Sony Pictures Animation Inc. (collectively, "Sony Pictures), and Blue Sky,
16 discussed those terms with my attorneys, and I am aware of and approve all terms of the proposed
17 settlement, as it affects me and the members of the Class. Based upon this reading and my
18 discussions with counsel, I understand that Sony Pictures has agreed to pay \$13,000,000 into a
19 Settlement Fund, and Blue Sky agreed to pay \$5,950,000 million into a Settlement Fund, and further
20 understand that if the settlement is approved, class members nationwide will receive payments from
21 this Settlement Fund. I understand that the costs of notice and settlement administration, attorneys'
22 fees, litigation expenses, and participation awards will be deducted from the Settlement Fund, and
23 that class members who do not opt out will release Sony Pictures, Blue Sky, and related entities from
24 claims related to this lawsuit.

25 5. I believe that the proposed settlements achieve significant relief for the Class and are
26 a good result compared to the risks and delay associated with a complex and costly trial. In addition,
27 I recognize that if a trial were held, there is no guarantee that the Class would succeed on the claim
28

1 presented in this litigation. Thus, the proposed settlements permit an immediate recovery to class
2 members without the risk, delay, and expense of trial. Based upon my understanding of the class
3 claims asserted in this litigation, and my understanding of the terms of the settlement agreements, I
4 believe the proposed settlements are fair, adequate and reasonable, and in the best interests of class
5 members, and should therefore be granted final approval.

6 6. Over the past 24 months, I have diligently performed my duty to assist Class Counsel
7 in prosecuting this case, investing a significant effort to complete specific tasks to benefit the lawsuit
8 and fulfill my role as a class representative.

9 7. I responded to Defendants' discovery requests by searching my digital and paper files
10 for responsive documents. This included searching my personal computer and email accounts. I then
11 worked with my attorneys to harvest those documents and have them produced to Defendants. In
12 addition, I assisted in preparing and verifying my responses to interrogatories and updated those
13 responses when needed. I also spent time consulting with Class Counsel on multiple occasions to
14 assist them in understanding my responsive documents. I estimate that I have spent 29 hours
15 communicating with counsel by phone and email about the document requests, 27 hours reviewing
16 documents, and 33 hours searching for information and records and drafting documents for the
17 litigation.

18 8. I spent time preparing for my deposition by reviewing documents and meeting with
19 my attorneys for 6 hours. On February 25, 2016, I spent 10 hours at my deposition being questioned
20 by Defendants. To ensure the accuracy of my deposition transcript, I spent 2 hours reviewing it for
21 errors.

22 9. I have been responsive to Class Counsel's requests for information throughout the
23 case and remained in regular contact by phone and email to discuss various aspects of the litigation,
24 including updates on progression of the litigation and material events in the case. I have reviewed
25 and commented on documents, read case updates, asked questions, and provided information,
26 assistance and documentation as needed.

27 10. I have also spent approximately 4 hours reviewing the settlements in this case and
28 discussing the settlements with my attorneys.

11. In total, I estimate that I have spent approximately 120 hours over the past 24 months, performing my duties on behalf of the class.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed this 14th day of September, 2016, in Manhattan Beach, CA.

Georgia Cano
